PROFESSIONAL SUMMARY

I am a proactive Front-End Developer with over two years of experience creating responsive, user-focused web applications. My work is driven by a commitment to usability and accessibility, ensuring that applications are not only visually appealing but also function seamlessly across devices and platforms.

I thrive in collaborative environments, partnering closely with designers and back-end developers to craft cohesive solutions that balance technical functionality with user needs.

PROFESSIONAL EXPERTISE

- HTML/CSS
- TypeScript
- Javascript (ES6+)
- RESTful APIs
- Version Control/Git
- Component-Driven Development
- React Query
- React.js (Hooks, Context API, Lifecycle)
- State Management (Redux, Recoil, Zustand)
- Performance Optimization
(lazy loading, code-splitting, memoization)
- CSS-in-JS (Styled Components, Emotion)

PROFESSIONAL EXPERIENCE

Front-end Developer | OTO

2022 - Present

- Developed and maintained high-performance web applications using Next.js and React.js, enhancing user experience and application speed.
- Continuously optimized front-end performance, leveraging techniques such as code-splitting, lazy loading, and image optimization, which contributed to a 25% improvement in page load times.
- Collaborated with UX/UI designers to implement intuitive interfaces that enhance user, resulting in a 20% increase in user engagement and time spent on the site.

Front-end Developer | Botick

2021 - 2022

- Built responsive website using semantic HTML5, JavaScript, ReactJS, and CSS compiled using maven and webpack build tools.
- Participated in Agile sprints, contributing to planning, code reviews, and daily stand-ups, fostering a collaborative and growth-focused development environment.

ACADEMIC EXPERIENCE

UMZ | Bachelor's Degree

2019 - 2023
